Dear Valued Customers,

Please note that with effect from **15th January 2025**, our **Import & Export Container Detention Tariffs** will be adjusted as depicted below.

Please note that at the expiry of any prior agreed extended free detention time, the applicable daily charge will be calculated at the rate that applies to the corresponding day and tier level under the new standard detention tariff.

- **Import Free Time** is calculated from **Vessel Departure Day** from the **Port of Discharge**.
- **Export Free Time** is calculated from and is inclusive of, the date the **Empty Container is Picked up** from the **Depot**, or when **Empty Re-Use triggered** until the date the **Laden Container is Gated-In** to the **Port of Load**.
- Export Containers that are **not shipped** and returned to the depot will be subject to **LOLO charges** and Export Detention will be charged from the day of empty pick up or re-use, until the day of empty return (with **no free time** applicable).
